WILSON POWER RESTRICTED BY HOUSE COMMITTEE

SANTA ANA FOR TEN YEARS IS PROVEN RIGHT FOR FACTORY

Powers Manufacturing Co. Manager Thinks Conditions Here Ideal

CITY AUTHORITIES' ATTITUDE HELPFUL

Seventy Thousand Dozen Sweat Pads Marketed From This City

That Santa Ana is a good city for factories to operate, that it offers distinct advantages, are matters concerning which there need be no controversy.

The proof of the pudding is in the eating thereof, and this question of Santa Ana's desirability as a factory location has already been proven. It has been proven by the Powers Manufacturing Co., which this month passed its tenth anniversary in Santa Ana. For ten years the company, which specializes upon the manufacture of sweat pads for horse collars, has operated successfully in Santa Ana, and today is doing a better business and is finding market conditions better than ever before.

When one hears F. L. Andrews, manager of the company, talk about the ten years' life his factory has enjoyed, one may well conclude that Santa Ana is a choice place for factories to operate. Andrews, who is secretary and business agent for the Santa Ana board of education, is a man whose business judgment is sound, and who weighs his words.

The Powers Manufacturing Co. was incorporated in Santa Ana in February, 1907, and got into its building, located on East Second street near the railroads, on July 1, 1907.

"One of the biggest advantages that we have found in Santa Ana is that we are not surrounded by restrictions that hamper the operation of factories in larger cities," said Manager Andrews today.

"In our ten years' experience here we have found that the city was anxious to help us in every way possible. Numerous matters have arisen in which we were given the hearty co-operation of the city authorities. Those things count a great deal.

"While the business of making and selling sweat pads has not always been smooth sailing in the ten years we have been in business on this coast, as we have always had to contend with sharp eastern competition, where they manufacture on a larger scale, we have been able mostly to meet the eastern competition on account of freight on the finished product. Especially in the last few years the freight rates on sweat pads have been almost doubled on less than carload shipments, which has been greatly in our favor.

"We find as a rule that the coast trade will always give a coast industry the preference, even to paying a little advance over eastern goods. We find this sentiment prevailing all along the coast from Seattle down, and also in the Hawaiian Islands, where we have a good market. This sentiment has been encouraging to us.

"The past two years have been the best years with us, and our prospects look good for the future. While the use of sweat pads has decreased on account of the increase of the motor truck and tractors, and also on account of the sharp advances of materials used, making it necessary to advance all selling prices, we are getting more of the trade in this line. We have manufactured and sold more than 70,000 dozen sweat pads since starting here.

"We have found Santa Ana a very good location for our business. We have always been able to procure a good class of help, and are not bothered with restrictions that are often imposed in the larger cities. The freight rates are practically the same to the harbors as from Los Angeles to the harbors.

MANY ANGELS MISSING
LOS ANGELES.—Most of the Angel regulars are still among the missing. Manager Chance expects Curly Brown and Bobby Davis tomorrow. The peerless leader is concerned about Catcher Walter Boles' desire to quit baseball and go into business. He conferred with Boles today and a definite decision is expected by Saturday.

What Yankee Editors Think Of War Crisis

NEW YORK, Feb. 28.—New York editorial comment on the sinking of the Laconia and the international situation in general follows:

Under the heading, "Time to declare war," the Tribune says:

"At last the administration faces an overt act on Germany's part which it can hardly explain away.

"Mr. Wilson has said many times that he would not tolerate any more such murders. He has pledged himself again and again to 'protect our people in their legitimate and peaceful pursuits on the seas.' Now the occasion has come which compels him to make his words good. If those words mean anything, the administration is bound in honor to ask Congress to declare war. Nothing short of a declaration of war will suffice."

"Disgrace," Says World
World—"It is a disgrace to Congress. It is a disgrace to the American people. It is a disgrace to the eternal principles of the republic that there could have been an hour's wrangling and haggling over the question whether the U. S. should maintain its honor or surrender abjectly to German ruthlessness."

"There has been enough of national humiliation. A congress that is not unqualifiedly and unreservedly American in this crisis has made itself the Kaiser's ally."

Herald—"All doubts about the necessity of the government taking immediate steps for the absolute protection of merchant vessels should be removed by the unlawful sinking of the Laconia. So far as it is able, Germany is translating its threats into action.

"It is of the greatest importance that this nation present a united front."

"Plain Murder," Times
Times—"Casualty cannot disguise, nor ingenuity palliate the crime of the German submarine commander who sank the Laconia. He murdered American citizens. Every circumstance of atrocity is present in the case of the Laconia."

"We are now called upon to defend the liberties of the nation.

"Authority to take measures for defense must be conferred by the present Congress. If delay can ever be dangerous, it would be dangerous now."

Chicago Tribune—"The nation is at the turning point of the road. The President has asked for a painted lath to wield in a field of steel. If Congress turns away from the obvious need of the nation for full and swift preparation, and, refusing the warnings of experience, continues to shirk, and postpone, we shall pay for it in blood and humiliation."

Chicago Herald—"The eyes of the world are turned on Congress. President Wilson has taken his unmistakable stand. But no one can speak with assurance of a Congress that is still talking of a filibuster. It is this state of mind which makes Germany willing to undertake an outrage such as the sinking of the Laconia—the long feared overt act."

"For Congress to fall at this crisis; to endure a filibuster in order to escape making a decision, would be a shameful exhibition of disloyalty and unbecomingly. To refuse to support the President would be little short of a national calamity."

Says Wilson Alone
St. Louis Globe Democrat—"The sinking of the Laconia is striking and convincing proof that the German government is putting unrestricted submarine warfare into operation. If the President were surrounded by strong official advisers whom the people could trust, there would be less perturbation, but he thinks and acts alone and the past is no indication of infallible wisdom."

St. Louis Republican—"President Wilson should be free. Congress should give him power. We are, in short, in a situation such that the executive branch of the government must be strengthened. A board of managers may sail a ship in fair weather, but if they are wise they will defer to the captain when a storm threatens."

Kansas City Journal—"They (the Germans) are liable to mistake discussion for weakness and lack of loyalty. Nothing could be further from the truth."

Kansas City Star—"In this crisis there is no time for hesitation. Congress ought to go the limit in backing the President in energetic steps for safeguarding American rights."

'LEAK' BLAME LAID ON NEWSPAPER MEN
WASHINGTON, Feb. 28.—A unanimous report saying that no one except two Washington newspaper men, J. Fred Essary and W. W. Price, were responsible for whatever "leak" there was on President Wilson's peace note was presented to the House by Chairman Henry of the rules committee. All persons connected with the government, including Secretary McAdoo and Secretary Tumulty, members of both houses, and R. W. Bolling, a brother-in-law of the President, are specifically cleared of suspicion.

RY. BOARD SEEKS GIVING JITNEY CONTROL OVER TO CITIES

Bill Is Submitted to Legislature By State Commission Today

SAN FRANCISCO, Feb. 28.—The State Railroad Commission today submitted to the Legislature a bill placing the regulation of jitneys entirely within the hands of the cities where they are operating, with authority to refuse or grant permits. Jitneys between cities would be compelled by the bill to obtain certificates of public convenience and necessity from the State Railroad Commission.

PUBLIC MORALS BOARD FOR SECRET VOTING
SACRAMENTO, Feb. 28.—The members of the Assembly Public Morals committee today decided to go into executive session whenever there is a vote on liquor and other important bills. A number of other committees also are considering secret voting.

U. S. MUST ACT, HOLDS BRITAIN

LONDON, Feb. 28.—England expects America to act.

Editorial comment in all newspapers reflected the attitude of the general public today that the Laconia sinking cannot be construed otherwise than "an overt act." Just how America will "act" other than to adopt the armed neutrality policy outlined in the president's speech was not suggested in the editorials, but the inference was clear that England thinks nothing short of the most drastic steps will satisfy American dignity and honor.

Austrian Reply Awaited
This belief of an irreconcilable difference between America and all Teutonic agencies was heightened today by Vienna dispatches indicating that American Ambassador Penfield would receive today the answer of the Austro-Hungarian government to his recent request for a statement of the dual monarchy's position on the unlimited submarine warfare.

Dispatches from Switzerland reporting conditions in Austria indicated this answer would announce complete support of Germany's "ruthlessness," and hinted that a break with Austria, similar to that with Germany by the United States was close at hand.

One other thing which led Britons today to the conclusion that America will have to go farther than Austria, break in relations with the Teutons was the report from Berlin that the Americans taken prisoner on the Yarrowdale were still being held—this time on the pretext of quarantine necessity.

Gerard Said Periled
The London Times published today a dispatch from Corunna declaring that friends of former Ambassador Gerard, embarking there for the voyage to the United States were anxious for his safety. According to this dispatch, Gerard was warned by a German friend, high in the councils of the empire, just before he left, not to make such a trip. The German navy, the Times said, hates Gerard, believing that for a year and a half he has prevented the full force of Germany's submarine weapon from being felt.

CASES OF 2 HELD AS SPIES ARE DELAYED

NEW YORK, Feb. 28.—After a statement by Federal counsel that indictments were expected to be handed down by a grand jury on Friday in the alleged German spy plot case, United States Judge Sessions adjourned until Friday the cases of Albert A. Sander and Karl W. Wunnenberg of the Central War Film Exchange.

The two were arrested here recently on a charge of conspiring to violate the neutrality law by organizing a military expedition and sending newspapers to England to act as spies to gather military information for the Central Powers.

SEALS GO SLOW
SACRAMENTO, Feb. 28.—This is the second day of the hard grind for the Seals. Manager Wolverton is making the players take things gradually to prevent unnecessary soreness of throwing arms.

LAONIA SINKING IS JUSTIFIED, SAY EDITORS IN GERMANY

Press Blames British Practice Of Changing the Character of Ships

BY JOHN GRANDENS
(United Press Staff Correspondent)
BERLIN, via Wireless to the United Press, Feb. 28.—The first editorial comment of German newspapers on the sinking of the Cunard liner Laconia, justified this latest example of the German submarine warfare by suggesting it was merely a carrying out of the German warnings that hospital ships would be torpedoed.

The Tagliche Rundschau called attention to the practice of the British admiralty in changing the character of its ships.

"The Laconia," the editorial asserted, "was on the British list of war cruisers in 1916. If she has now met her fate in the passenger service, this is one case out of many, where the English admiralty uses ships fitted for warships one time, as warships, then as passenger ships, then as hospital ships. Whether this is done for tactical advantage or is the result of a shortage of ships, we do not know."

"This is a typical case of the German order regarding hospital ships."

BERNSTORFF'S LINER OFF FOR COPENHAGEN

HALIFAX, N. S., Feb. 28.—The steamer Frederick VIII, with Count von Bernstorff, former German ambassador to the United States, and his party, on board, sailed for Copenhagen.

The same precautions which marked the arrival here February 16 of the liner attended her departure.

LAONIA VICTIM WAS ONCE L. A. RESIDENT

LOS ANGELES, Feb. 28.—The international crisis, made the more acute by the torpedoing of the Cunard liner Laconia by a German submarine, was brought very close to Los Angeles when it developed that Miss Elizabeth Hoy, whose death on the liner may develop a casus belli, was formerly of this city and well known to many persons here.

She was a classmate at Smith College of Mrs. Howard D. French, No. 1715 South Westmoreland avenue, and of Mrs. N. C. Edwards, No. 1742 North Mariposa street, and had made her home here on several occasions for varying periods.

TEUTONS DEFEAT ANGRE BRITISH

BERLIN, Feb. 28.—"Infantry engagements in the forefront of our Ancre positions were successful," today's war office statement says. "British reconnoitering advances at Artois were repelled and French attacks left of the Meuse failed," said the statement.

BRITISH PURSUE TURKS AT KUT-EL-AMARA

LONDON, Feb. 28.—The British are not giving the Turks, retreating from Kut-el-Amara, time to reform, but engage them on three sides, it was today announced. The pursuit is being steadily maintained, and supplies are being taken.

General Sir Douglas Haig is within two miles of Bapaume. The German retreat has slowed down and the British advance is being resisted.

SUFFRAGE IS O. K.'D BY ARKANSAS SENATE

LITTLE ROCK, Ark., Feb. 28.—The House bill permitting women to vote in primary elections, which virtually means equal suffrage, passed the Senate, 17 to 15. The House, which passed the bill, 70 to 19, will concur.

President to Get Cannon and Money As Bill Now Reads

World Happenings Bring America Closer to War Vortex Than Ever

Despite Danger, Filibuster Brews In Senate, Periling 'Wilson Power Bill'

WASHINGTON, Feb. 28.—The state department today admits that it is investigating an unofficial report that three American consuls and two clerks are being detained in Germany.

WASHINGTON, Feb. 28.—The House Foreign Affairs committee today upheld President Wilson's request for power to meet the international situation—but with two important restrictions.

Authorization for use of "other instrumentalities," aside from guns, gunners and money, was stricken from the original Flood bill, thus limiting the President's authority to some extent.

The second restriction was the insertion of a provision against use of the war risk bureau to insure ships carrying munitions.

The latter provision may bring the whole armed ship and munitions question into the present situation and develop an unpleasant complication when a vote comes.

As the bill now stands, it provides for granting President Wilson guns and gunners and \$100,000,000 to "protect the ships and citizens of the United States against unlawful attack in their lawful and peaceful pursuits on the high seas."

The minority report held that "we could forego our rights to navigate in the war zone, rather than wage war to enforce such rights."

U. S. Close to War

World happenings brought the United States closer to the war vortex today than for weeks past. Despite the danger that war, or a state of war, may be just ahead, a filibuster was brewing in the Senate, threatening the bill giving President Wilson authority to go ahead with his plans for arming American merchantmen, whether or not Congress gives President Wilson the authority he asks.

The government spirit is one of firm determination to guard American rights and lives, regardless of any effort Congress may make to thwart the administration's will.

Meantime in the Senate the Presidential authority bill lay dormant today while the possibility of a filibuster by Senators La Follette, Norris and possibly others, created the danger that it would go by the boards.

La Follette last night blocked the bill so it cannot reach a vote before late tonight or tomorrow.

In the lower house the foreign committee was booked to meet again at 10 a. m. Representative Porter was prepared to fight for his proposal that Wilson be not given authority to arm ammunition-carrying vessels.

The committee, however, seemed agreeable to the bill as framed, except to remove from it the "other instrumentalities" than guns, gunners and money.

Hinges on La Follette
The fate of the bill turns mainly, however, on Senator La Follette. He has been inclined to filibuster against the naval appropriation bill and the authority measure. He and one or two more men could block the bills—but the question today was whether they wanted to take responsibility for such a move.

While Congress fiddled, the administration had before it Germany's unofficial admission that she still holds the Yarrowdale men, "because of infection" in their camp. This was looked upon as a flagrant insult by some officials. It threatened to complicate and hasten a trouble officials fear is all too near.

The Austrian situation remains a puzzle, though the government permitted sufficient news to leak out to show that it is preparing for a break and that Ambassador Penfield is quietly paving the way to get American consuls and citizens out of Austria in case of a break.

AGREE TO REPORT ARMY BILL CALLING FOR WAR TRAINING

WASHINGTON, Feb. 28.—The senate military committee today agreed to report the army bill carrying an amendment providing for universal military training.

ted sufficient news to leak out to show that it is preparing for a break and that Ambassador Penfield is quietly paving the way to get American consuls and citizens out of Austria in case of a break.

WILSON GETS HOY PLEA TO AVENGE DEATHS

WASHINGTON, Feb. 28.—The dramatic plea of Austin Hoy, son of Mrs. Mary Hoy, and brother of Miss Elizabeth Hoy, who were killed in the unwarmed torpedoing of the great Cunard liner Laconia, demanding that the United States avenge the death of his loved ones, was received today by cable by President Wilson.

Speaking as "an outraged American," Hoy demands that the United States "preserve its citizens' self-respect."

ALL AMERICAN LINERS NOW IN NEW YORK

NEW YORK, Feb. 28.—With the arrival of the American liner Finland from Liverpool early today, all six of the American line vessels are in New York for the first time. All will be held here unless it is decided to arm them.

Among passengers on the Finland were Dr. Henry Van Dyke, former American minister to Holland; Col. Frederick Hale, United States senator-elect from Maine, who has been two months abroad studying war conditions, and Mrs. Wesley Frost, wife of the American consul at Queenstown.

U. S. EMBASSY PROBES SEA TRAGEDY

LONDON, Feb. 28.—With two Americans known to be among the dead, the American embassy was directing its energies today to obtaining definite information whether six other Americans listed in the Laconia's crew were among the missing.

Thomas Coffey, a Baltimore negro, trimmer, has not been accounted for. Four members of the crew are still missing, according to the Cunard company's list, and eight according to unofficial check.

A number of the Laconia's survivors reached here today on a special train, but they had practically nothing new to add to the survivors' stories as told at Queenstown yesterday.

AUSTRIA DENIES SINKING SCHOONER LAW

WASHINGTON, Feb. 28.—Austria has officially denied one of her submarines sank the American schooner Lyman M. Law, Ambassador Penfield at Vienna cabled the State Department today.

FUND FOR FOOD PROBE O. K.'D

WASHINGTON, Feb. 28.—The house today passed the sundry civil bill with an amendment providing for \$400,000 for the federal trade commission's foodstuffs probe.

'PRINCE,' LEADER OF HANDKERCHIEF CULT, DIES IN ANGEL CITY

LOS ANGELES, Feb. 28.—"Prince" August Schroder, who, with "King" Schlatter, is on trial here charged with using the mails to defraud in selling "blessed handkerchiefs" of supposed miraculous curative powers, died early today at the county hospital.

He has been sick for several months, and was so bad during his trial that the case was postponed for two weeks. Schlatter is broken hearted over his associate's death, and has intimated this was due to poisoning by enemies.

Schlatter and Schlatter, heads of a cult of divine healers, were arrested here two years ago for misuse of the mails. They jumped their bonds, and operated in Canada until a few months ago, when they were arrested in Buffalo, N. Y.

MEN BEHIND U. S. RESOURCES IN RUSH TO BACK NATION IN WAR CRISIS

Business Men and Manufacturers Eagerly Await Call From Nation's Chief

FACTORY HEADS GET READY FOR ACTION

National Commerce Chamber Expert Co-operates With Army Quartermasters

CLEVELAND, Feb. 28.—With the German-American crisis seemingly approaching a final break, American business men and manufacturers are hastening "to colors," prepared to back Uncle Sam to the last.

Bassom Little, appointed by the government to organize business men and manufacturers for eventualities, today says that all are eagerly awaiting instructions on co-operative plans.

Little, who is chairman of the national defense committee of the National Chamber of Commerce, was asked by Secretary Baker to co-operate with army quartermasters. He suggests that experienced business men buy for the army, while trained officers go to the front.

BRYAN TO BACK U. S. IF WAR COMES

WASHINGTON, Feb. 28.—William Jennings Bryan today told the United Press that he will support the administration in war, but until war comes he will oppose with all his resources any steps toward war. He insists that the question should be submitted to a referendum vote.

U. S.-GERMAN BREAK ELATES ALLY CHIEFS, SAYS SENATOR-ELECT

NEW YORK, Feb. 28.—Frederick Hale, Maine's senator-elect, today returned on the American liner Finland from several months of war study. He says that both Premier Briand and Premier Lloyd George are elated at the break with Germany and that they say that the moral effect of even a few American troops against Germany will be wonderful. Hale said that the premiers look on America as a firm ally.

JOHNSON IS READY TO SIFT FOOD SITUATION

SACRAMENTO, Feb. 28.—State Superintendent of Weights and Measures Charles C. Johnson announced that he is ready to place all the machinery of his department at work in an investigation of the food situation in California.

With the aid of deputies in practically every county of the state, he says, he can furnish the Legislature within a few days with a report on the amount of commodities available for food purposes stored in most of the warehouses and cold-storage plants throughout the state. Before taking such action, however, he wants to secure approval of his course by the Legislature and has notified Senators Tyrell and Nealon of what his department stands ready to do.

FINDS LITTLE TRASH IN BILLS REFERRED TO JUDICIARY BOARD

SACRAMENTO, Feb. 28.—There's very little "trash" in the batch of bills referred to the assembly judiciary committee, according to W. T. Satterwhite of Oakland, chairman of the committee. Satterwhite, who stayed in Sacramento during the legislative recess for the purpose of studying the bills, says the majority of the proposed laws have "meritorious features."

KAISER'S DESTROYERS AT MOUTH OF THAMES

BERLIN, Feb. 27 (via Sayville).—The official German announcement of the raid of German torpedo-boat destroyers on the Kentish coast of England on the night of February 25, says that the German warships steamed into the English Channel beyond the line from Dover to Calais and into the mouth of the Thames river.

BOOST NATIONAL ORANGE DAY IS ADVICE OF BOOSTERS

Write a Letter, Send a Box of Oranges, Anything That Will Draw Attention to One Big Day

Oranges to the right of us, oranges to the left of us—this condition should obtain in every home in Santa Ana on Saturday, March 10—National Orange day.

Following out the customs of previous celebrations of the golden fruit day, local firms will make displays of oranges and give them free to their patrons.

The same thing will be done in many eastern cities. All hotels, dining cars, bank and public buildings in some of the largest cities in the United States will make a display of oranges.

Last year it is estimated that \$2,300,000 worth of oranges were sold as a result of the national movement to popularize the fruit which has made California famous. It is hoped to increase this amount this year.

Last year hundreds of souvenir boxes containing a dozen oranges, and hundreds of full boxes were sent by Southern California residents to friends in the East, along with letters advising that the fruit be used in some special form on the 10th. The eastern friends entered into the spirit of the big day, and as a result the orange found new favor. Recipes were forwarded which assisted the housewife in preparing a menu which brought delight to the household with the introduction of new dainty dishes.

As a new feature in publicity for Orange Day a motion picture company under the management of the Orange Day directorate recently took sixty newsboys of Los Angeles through an orchard and filmed them in every stage of the orange harvest. The pictures will be shown in 60,000 theaters in various parts of the United States.

A barrel of letters from residents of Santa Ana to friends in the East—this is what the local committee wants. The letters will be started on their journey some time Saturday, in time to reach every section. Write the eastern friends and ask them to co-operate in the matter of making Orange Day a big success. Send a recipe and ask them to use the fruit in some way on Saturday, March 10.

The Wells-Fargo Express Company has made a special rate for shipments of Oranges east. The rate is 4 cents a pound to all points except to offices of the Southern Express Company, whose territory is practically limited to offices in Florida, Georgia, Alabama and North and South Carolina, according to the statement of the manager of the local office of the Wells-

ORANGE FRUIT CAKE
One-fourth cup butter.
One-third cup sugar.
One egg.
Two-thirds cup Sunkist orange marmalade.
Two cups flour.
One teaspoon baking-powder.
One-eighth teaspoon soda.
One-eighth teaspoon cinnamon.
One-eighth teaspoon cloves.
One-third cup chopped raisins.
One-third cup chopped nut meats.
Cream the butter; add, gradually, one-half the sugar; beat egg until light; add remaining sugar, and combine mixtures; then add the marmalade. Sift together the flour, soda, baking-powder, cinnamon and cloves, and add to mixture with raisins and nuts. Bake in one loaf in a moderate oven.

ORANGE MARMALADE
Six Sunkist oranges.
One Sunkist lemon.
Eleven cups cold water.
Seven cups sugar.
Peel oranges, removing all white skin, and slice thin. Slice lemon with rind on; cover oranges and lemon with cold water; let stand twenty-four hours. Then boil three hours; add sugar, and let boil one hour. Pour into glasses; cool, and cover. This recipe makes nine glasses of marmalade.

CO-OPERATIVE MARKET FOR MILK PRODUCERS TOLD BY WEINSTOCK

CHICO, Cal., Feb. 28—Harris Weinstock, state market commissioner, today told a meeting of the Northern California Milk Producers' Association about the plans and purposes of his co-operative marketing association. As applied to dairymen, the co-operative marketing plan would operate similar to the organizations of almond, peach, citrus, rice and walnut growers.

Because of the fight which has developed against Weinstock in the legislature, the Northern California dairymen were especially interested in his ideas.

'DOC' CRANDALL GIVEN PERMIT BY CHANCE TO PLAY HERE

Metzgar Feels Honored As P. L. Breaks Rule and Writes Letter

Frank Chance, manager of the Los Angeles Baseball Club, has written a letter.

The recipient of the letter was none other than J. C. Metzgar, secretary of the Chamber of Commerce. Metzgar feels that Chance has bestowed upon the Chamber of Commerce and Santa Ana something of an honor, inasmuch as the peerless leader is not overly given to inditing epistles.

In the letter Chance says: "Crandall has signed his contract and I have given him permission to play in Santa Ana."

That is all that Chance wrote, but it is enough.

Victor Walker received a letter from Crandall, stating that the latter is anxious to play against the Cubs here Friday and asking Walker to let him know where he is to report.

Everything is now in apple pie order for the big fracas. All that remains to be done now, according to Victor Walker, is to get another pitcher.

Not that another slab expert will be needed by the Santa Ana team, exactly, but simply because Walker believes in preparedness.

The diamond out at Poly has been put into excellent shape.

That the Cub moguls consider Friday's conflict here one of major importance is evidenced in the fact that most of them will be here to give the game the once over. Reservations for six automobiles have been made by the magnates at the ball grounds, it has been learned.

The fans undoubtedly want to know who these young players are and an introduction is, therefore, necessary. William P. McTigue is a left-handed twirler, purchased from the Toronto team of the International league. He was with Boston once and sent back for a little more seasoning. Manager Mitchell believes he will be one of the regular twirlers. He stands 6 feet 1 1/2 inches and weighs 175 pounds. He hails from Nashville, Tenn.

George Zabel is well known to the coast fans, having been one of Frank Chance's best twirlers for the Los Angeles club last season. His work warranted the Cubs in exercising their option on the big right-hander. He was, therefore, recalled at the close of the Coast league season. Zabel stands 6 feet 2 inches and weighs 190 pounds.

Walter H. Ruether, better known as "Dutch" is another product of California and has a royal good chance of being a regular Cub. He will no doubt take part in at least three innings. Ruether is another giant, being 6 feet 1 1/2 inches above the ground and tipping the scales at 185. He was born in Alameda and is a winter resident of San Francisco.

Dawson Newcomer
Rexford Dawson is a newcomer in this part of the country. He was purchased from Indianapolis, Ind., last fall. His showing under Jack Hendricks was creditable. Rex is built on the stocky order, standing 5 feet 11 1/2 inches and weighing 150 pounds. His home is in Mt. Vernon, Wash.

Thomas Seaton is one of the veterans of the National league. He was formerly a star on the Philadelphia National league club before jumping to the Federal league. Mr. Ward, of bread fame, who backed the Brooklyn Feds paid Seaton a salary of \$8,500 per year and this contract was assumed by the Chicago club last spring. Late in the season Tom was sent to Indianapolis on option and proved to be the best twirler in the American association. He led the league in the number of runs scored per inning and was recalled in the fall. Manager Mitchell has picked him as one of his regulars. Seaton is even six feet tall and weighs 175 pounds. At one time a few years ago he was looked upon as the best pitcher in the National league with the exception of Mathewson.

Mollwitz Corner
Fred Mollwitz is a promising first sacker and the only one having an iota of a chance to push Vic Saier off the bag for the regular berth. Many clubs have been angling for Mollwitz, none have been able to hook him. He is one of the best fielders in the business and a fairly good hitter. He is 6 feet 2 and weighs 175. His home is in Milwaukee.

Frank G. Murphy is a youngster picked up at Joliet, Ill., where he played on a fast semi-pro team and attracted the attention of many scouts. It is said he has negotiated the 100-yard dash in less than 10 seconds. He plays short and may be shifted to

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

Corsets, Hair Goods, Shampooing and Manicuring.

ONE AUTO AFIRE; ANOTHER BLAZE IS FROM MATCH FIRE

In Answering Call, Man Hits Bicyclist, Who Escapes Serious Injury

The fire department has had two runs in the last twenty-four hours, each caused by the ignition of gasoline or distillate in use about an automobile.

The first was at 6:30 o'clock last night when a small machine in the barn on Albert Fuller's place, corner of McFadden and Lyon streets, caught fire. The machine was rolled out into the open, and was badly damaged.

Forrest Gay, a new driver for the fire department, drove a fire truck to the place, it being his first run, and he made an excellent run, too.

At noon today a two-and-a-half-gallon can of distillate from which distillate was being used in cleaning a car caught afire at the rear of Charles Davis' garage.

Anthony Adams, an employee, lighted a smoke and threw away the match, which fell into the sump hole of the washing rack. Oil and other matter had collected there, and the match caused a flare, which was communicated to a two-and-a-half-gallon can of distillate, which quickly spread over the floor.

Fire extinguishers from the garage and the fire truck were used to put out the flames.

There was a near tragedy at the corner of Third and Main streets when W. W. Kelley of 1321 Logan street, on a bicycle, was struck by a machine driven by E. C. Frambes, a fireman on the way to the fire.

Kelley was crossing Third street when Frambes came from the west. Kelley was rolled over several times and was picked up by Walter Galbraith, local representative of the Southern California Automobile Club. Though bruised, the man was not seriously hurt.

Attention is called by Galbraith to the fact that there is a city ordinance by which streets should be cleared for the fire department following a call to a fire.

SOLONS PUZZLED BY BRAND NEW ANGLE AS TO JANITORS' STATUS

SACRAMENTO, Feb. 28—Is a janitor a confidential employee?

This is one of the several thousand things the state legislature is called upon to determine.

The question arises in a bill introduced by Senator J. M. Inman of Sacramento which proposes to exempt janitors, along with other appointees, attaches and employees of the supreme court and the district courts of appeal, from the state civil service act.

Charles Wesley Reed, a member of the civil service commission, says: "The appellate court officials claim that its janitors are confidential employees, and demands that they be exempted by the civil service board. The demand was refused, but this bill would enforce the demand of the court."

The state reclamation board, Reed finds, through a bill introduced by Assemblyman Lee Gebhard of Sacramento, seeks to have all its appointees, attaches and employees exempted from civil service.

These are several of the number of attacks on the civil service system as revealed in bills. One bill proposes to do away with civil service in the state government altogether.

IF CALIFORNIAN IS NAMED HE WILL BE KING OF REDLANDS

Authentic information received yesterday in the Southern California Democratic camp at Los Angeles from Washington contains advice that all California candidates for appointment as one of the six men to compose the United States Tariff Commission have been eliminated except Lyman M. King, state senator and publisher of the Redlands Facts.

Following the receipt of this information, it was ventured by prominent Democrats close to the administration that if King was not selected, the appointment would be made from among candidates in some other Pacific Coast State.

King received a strong endorsement from Orange County leaders in various parties. Since King is well known here and is a property owner in this county, his appointment will be of decided interest here.

INACTIVITY CAUSES CONSTIPATION

Lack of exercise in the winter is a frequent cause of constipation. You feel heavy, dull and listless, your complexion is sallow and plump, and energy at low ebb. Clean up this condition at once with Dr. King's New Life Pills, a mild laxative that relieves the congested intestines without gripping. A dose before retiring will assure you a full and easy movement in the morning. 25c at your druggist's.

Twenty-eight cents. That is the price of one share of Hughes Arizona Copper Stock, and it is going higher. Twenty-eight cents per share means a profit on the ten cent stock I sold of \$180 on each one thousand shares. One hundred dollars invested in them is now worth two hundred and eighty dollars. Development work on the property is continuing with an improved showing, which will mean a further increase in the value of the stock. Call to see me.

ORANGE FIRST TO TROUNCE POLY; SCORE 5 TO 6

George Morrison, the big blonde football player, was sent to the hill yesterday afternoon to show Orange High School just how to pitch. George went all right and twirled in mighty fine shape, too, but rank errors by his teammates coupled with loose playing in general, spoiled the game and permitted the neighboring team to give "Shorty" Smith's squad its first taste of defeat this season. Six innings were run off and at the close of the encounter Poly had five tallies, just one to the bad.

Morrison heaved in fine shape, fanning ten in the short space of six cantos. Three of these were heaped into the third spasm, when he retired the side via the strike-out route. Or-

Santa Ana Scores

Poly started off right, pushing a couple over in the first round. With one down, Tyrrell made first on Nuffer's error. Bryan poked a pretty single to center and continued to second when Cole made a rotten throw to third to catch Tyrrell. Holzgrafe grounded to Nuffer, Tyrrell scoring and Bryan checking in at third. Ober sent a roller to Keuchel, who foolishly threw home instead of to first. This allowed Bryan to tally and Brooks completed the inning by whiffing.

This was all the scoring Poly was able to do except for a delayed rally in the last of the sixth that was productive of three markers. Four clean hits were made in this fracas. "Tate" Vanderlip's being a two-sacker to left. Poly was scheduled to meet the Edison team this afternoon. The box score of yesterday's game follows:

UNCLE SAM TO CARE FOR HONEST HOBO

CHICAGO, Feb. 27—Uncle Sam is preparing formally to recognize the hobo—"the migratory laborer," as he prefers to be known—in connection with the federal employment bureau in Chicago.

This is the word brought back from Washington by the Rev. St. John Tucker, confessor and social adviser extraordinary to the Hobo college founded here by John Eads How, the "millionaire hobo."

Father Tucker says that he consulted officials of both the department of labor and the department of health and interested them in a plan for setting aside a room where real "hoboes"—not tramps—may gather and discuss their "problems." The government may designate a physician to act as their medical adviser.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty
In a Few Moments—
Try This—

—If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If actually—why not now?—Advertisement.

WILL IMPROVE WALNUT PLANT

Directors of Association Or- der Changes Made For Greater Efficiency

At a meeting of the newly elected directors of the Santa Ana Valley Walnut Growers' Association a number of changes were ordered made in the association packing-house. These changes will increase the efficiency of the plant, and will allow the nuts to be handled faster and even more satisfactorily than in the past.

Arrangements are to be made so that walnuts can be put through the blower, which separates the light nuts from the heavy ones, the first thing after the nuts are started on their round. The grading will then be done.

Another change that is to be made will allow the exhaust from the blower to depart through the incline that takes the nuts from the dip to the bins. By this method the nuts will be partly dried before they reach the bins.

Other alterations that have been decided upon will provide greater ventilation in the building. By increasing the ventilation, the rapidity with which nuts will be dried will be noticeable. The directors desire to reduce the period that nuts remain in the bins as much as is possible.

At the meeting of the directors of officers who served the association last year were re-elected. A. J. McFadden of Irvine is president and O. H. Burke of Tustin secretary.

THE ORANGE COUNTY 'MOVIE' A SUCCESS

Beautiful Pictures and Good
Action Characterize Miss
Twist's Scenario,
"Opportunity"

A crowded house greeted the performance of "Opportunity," the film recently completed by the Continental Feature Film Company of Orange, which opened at the West-End Theater last night. "Opportunity" is purely a local production in every particular.

Not only is the producing company an Orange county concern, but the players themselves are local amateur talent, while the scenes are almost entirely in this county, and last, but not least the scenario itself was written by a Santa Ana girl, Miss Dorothy Twist.

The picture is certainly full of interest, not only because of its local character but for its artistic merit. It abounds in scenes depicting Orange county's justly famous beauty spots: Orange County Park, Silverado Canyon, Modjeska's home, Hewes Park, San Juan Mission, and a number of the choicest views of the Orange county coast line. Then there are beautiful drives, private grounds and views of many homes, both in the towns of the county, at the beaches and among the orange groves.

And the acting was exceptionally good, for though the cast is composed of amateurs, all of whom are "home folks," every member handled his or her part like a professional.

The plot, while extremely simple and devoid of the usual thrills and startling climaxes, tells an interesting story of California life. There are no villains nor vampires, no tragedy nor highly emotional scenes, but in spite of the lack of these elements there is enough of romance and pretty portrayal of normal life to hold the interest from beginning to end.

The picture is undoubtedly a splendid advertisement for Orange county and will surely spread the fame of its beauty afar. It is worthy the support of the citizens of this county, and all should give it their patronage, thereby helping to make it as great a success financially as it is from an artistic standpoint.

U. S. OFFICIALS PROBE MEETING OF HINDUS

EL CENTRO, Feb. 28.—A meeting of 400 East Indians, Mohammedans and Hindus, from various points in California, at a local theater, is under investigation by United States officials, who are of the opinion that the neutrality laws were violated. The speeches of the Hindus are alleged to have sought contributions to a fund to start another uprising against British rule in India.

Deputy Marshal Adkins questioned several of the foreigners regarding the fiery talk, which was applauded by the Hindus and Mohammedans. Frank George, one of the leaders, admitted, according to Adkins, that the subject of monetary support to a new movement to free India was the chief object of the meeting.

TIRED OF LIFE Constant Backache and Rheumatism

Foley Kidney Pills fixed up Texas brakeman's back as ever.

Almost down and out with kidney trouble. Rheumatism so bad he could scarcely get up when he sat down. Back ached all the time.

No wonder Mr. F. A. Woolley, brakeman on the road from Dallas to Jackson, Texas, "was tired of living."

Saw Foley Kidney Pills advertised. He said: "I took some and after a short time I was thoroughly cured and am having no more trouble."

Your kidney pills will disappear—and with them the backache and rheumatism, by the use of Foley's Kidney Pills. Once your kidneys become strong and active, aches and pains will disappear like magic.

There's nothing to equal the genuine. Will help any case of kidney or bladder trouble not beyond the reach of medicines. Contains no harmful drugs. Try them.

BIG ORANGE SHOW TO CLOSE DOORS TONIGHT

SAN BERNARDINO, Feb. 28.—Lights will be darkened over the seventh National Orange Show tonight. It is the most beautiful exhibition of citrus fruits ever staged in California. Today is home and fraternal day and the feature of the celebration will be the parade tonight. The executive committee will hold its annual banquet and then close the show without ceremonies. Queen Hazel and her court will appear for the last time.

Venice people thronged the tents yesterday.

More than 100,000 people have attended the show. In the "eight to one" test Riverside won first honors. The analysis showed that Riverside fruit entered in the test contained twenty-seven parts of soluble solids to one of acid. Lindsay was second and third and Highland fourth. The test indicates that the fruit is of unusually fine quality this season.

WATER BOARD OFFICIALS ARE SEEING GROUND

Here Investigating Petition of Hole-Veue For Diversion Of Santa Ana River

W. A. Johnstone, president, and A. E. Churchill, engineer, of the State Water Commission, were in Orange county yesterday and this morning gathering information in relation to the application of W. J. Hole and E. L. Veue for an appropriation of 850 inches of water of the Santa Ana river.

Hole and Veue in their petition declared that by taking the stream from its channel at a point just below Riverside and by conveying it in a canal to a point several miles further down they could salvage 850 inches of water. They declare that they would prevent that much waste in seepage and evaporation. Permission to carry out their plan and be allowed the use of the water on a big tract that Hole owns between Riverside and Corona has been resisted by the Santa Ana Valley Irrigation Co. and the Anaheim Union Water Co., which are very positive in their belief that the estimate of salvage is placed away too high by the petitioners.

Final hearing of the petition has not yet been set. However, the two officials of the water commission who are here are gathering all of the information they can concerning the conditions.

Yesterday Johnstone and Churchill made a trip up the main ditches of the Anaheim Union Water Co. to the intake, and returned on the S. A. V. I. side. Those in the party included E. E. Beazley, president of the Santa Ana River Development Co., which is the holding company of the two water companies; R. J. McFadden, superintendent of the A. U. W. Co.; A. G. Finley, president, H. W. Lewis, director, and W. A. Ralph, superintendent, of the S. A. V. I. Co.

Today the water board officials held a conference with Attorney E. E. Keach of Santa Ana, who is attorney for the two water companies.

APPELLATE COURT UPHOLDS AMENDMENT

SACRAMENTO, Feb. 28.—The constitutionality of the amendment adopted by the people at the last election, making California legislators ineligible to hold other state positions during their terms as law-makers, was upheld here in a decision handed down by the appellate court in the third district.

The principal point determined by the decision is that the amendment became operative as soon as it took effect and applied to legislators in office at that time as well as to those elected in the future.

FACTS TO BE REMEMBERED

In considering the "wet and dry" issue, the following facts should be remembered:

That at the last November election, 436,639 voted for absolute prohibition, and 461,039 voted to banish the public drinking place. The highest vote ever cast for a candidate for Governor in this State, was cast for Hiram Johnson in 1914. He received 460,495 votes. This was only 23,554 more votes than were cast for absolute prohibition. It was more than 500 less than were cast to close the public drinking place.

That in the counties other than San Francisco a majority of 33,222 voted to close the public drinking place.

That outside San Francisco and Alameda counties absolute prohibition carried with a majority of 1482.

That of the vote cast on absolute prohibition 45 per cent was cast for prohibition and 55 per cent against.

That of the vote cast to close the public drinking place, 47.6+ per cent was for the bill and 52.3+ against it. Pretty narrow margin, that!

That the great grape-growing county of Fresno, with 40,000,000 grape vines, gave a majority of 2,443 for absolute prohibition, and a majority of 5,032 to close the public drinking place.

[THE FRESNO VOTE SHOWS THE FALSITY OF THE LIQUOR-MEN'S PLAIN THAT PROHIBITION, OR EVEN THE CLOSING OF THE PUBLIC DRINKING PLACE, WOULD RUIN THE VITICULTURAL INTERESTS OF THE STATE.]

That San Francisco, Alameda, Contra Costa, Marin, San Mateo—the "wet" counties of the State—increased their vote on the amendment to close the public drinking places, more than 40 per cent over the vote in these counties for prohibition two years ago.

That the liquor interests throughout California are quarreling among themselves, each group charging the other with responsibility for the amazing growth in prohibition sentiment throughout California.

That the liquor interests will see the small margin by which they were saved in 1916, wiped out in 1918.

That the liquor interests know this.

CONSERVE FERTILIZER

A big share of our farm products will go next summer to feed the armies and hungry people of Europe. The cost of living has been forced to an almost intolerable height by this drain on our resources. And now comes a new threat in the likelihood that fertilizers are going to be scarcer and higher than ever this year, thus reducing the productivity of the soils.

The farmer may think that if farm products fall off, at least they will be higher in price, so that he will get a larger figure for them, with less labor of harvesting. But the country as a whole will suffer, and the consumer will be closer up against the wall and less able in future years to buy commodities. All of which will hurt the farmer.

However, there is no question that every food producer will do his best to raise a good crop. He realizes that at the high prices that will prevail, it is a golden chance.

It may merely be suggested, following the warning of the farm bureaus, that farmers order their fertilizers early, so as to avoid getting stranded owing to the shortage of freight cars. Fertilizers will do the farmer little good if they have to stand in freight station and warehouse for weeks after they should be in the ground.

Also the farmers are urged to conserve every ounce of stable manure. Many a farmer, after sitting around the grocery store complaining about his failure to make money, allows manure to stand so that its vital elements leach into the ground, and so exposed to sun and wind that you can see the precious plant food escaping in form of steam. All of which is a part of our national spendthrift policy, and one of the reasons why for many years farming was a discredited occupation.

"LOG ROLLING"

This is a common abuse in legislative bodies, from Congress down to state legislatures and city councils.

A large proportion of legislators do not vote on the merits of propositions. They feel compelled to trade and swap for votes they need.

Voters deplore log-rolling, but they keep on voting for men who side-step

HOT FROM SACRAMENTO

The first big mix-up of the second half-session is scheduled for tomorrow, when "Smiling Eddie" Luce of San Diego will open up the Carr-Dennett county local option bill for general argument.

Leo Friedman, the youthful San Francisco assemblyman, appeared for the last session minus the tiny mustache which graced his upper lip and won him fame during the first gathering.

"Foolish boy," growled Senator Walt McDonald, "to get rid of something that was giving him good publicity."

Oh, yes, there's a bill to raise the attorney general's salary from \$3,600 to \$5,000 a year. Senator Scott dropped it in.

And there's another one to create the office of general superintendent at \$3,000 per year in the state labor department.

Assemblyman Malison is fathering the Big Bird Bounty Bill which provides for a bounty ranging from one cent for each English sparrow to 50 cents for each great horned owl.

One of the minor tussles of the session will be based on Senator King's "non-sale of trout" bill. The Trout Fishermen's Union—the smallest union in the world—will furnish the opposition.

W. H. Shebley, fish culturist of the state fish and game commission, is responsible for the bill which aims to prevent the introduction into the state of infected fish.

And at the same time, Assemblyman Harris of Bakersfield, proposes to create a state commission to regulate music teaching.

CHAMPION SKI JUMPER OF WORLD EXPECTS TO SHATTER OWN RECORD

STEAMBOAT SPRINGS, Colo., Feb. 28.—With Ragnar Omtvedt, present holder of the world's record, Lars and Anders Haugen of Chippewa, Wis.; Henry Hall of Michigan, and other famous ski jumpers on the ground to participate in the professional contests, the Steamboat Springs fourth annual ski tournament opens here tomorrow.

Omtvedt, who established the world's record for ski jumping—192 feet, 9 inches—over this course a year ago, declares there is no course in America, nor has he seen one in Europe which permits speed equal to the Colorado course. He expects to break his own record of last year when he goes on the course in the professional events, scheduled for Friday.

The Steamboat Springs course this year will be 900 feet long, with a forty-eight per cent incline and a vertical drop of 106 feet where the jumping takes place.

MAN'S ELBOW BROKEN IN WRECK OF STAGE

FULLERTON, Feb. 28.—When a stage going from here to Los Angeles broke an axle near the San Gabriel bridge last night, the machine turned over, J. G. Bouslog, employed at Rockwell's Garage, Anaheim, had an elbow broken.

WOMEN ASKING THAT CURFEW SHALL RING

FULLERTON, Feb. 28.—Last night Mrs. L. A. Parker, of the Ebell Club, and Mrs. Carrie Ford of the W. C. T. U. asked the city trustees to order the enforcement of the curfew ordinance, which prohibits children from being on the streets without their parents after 8:30 at night from Nov. 1 to May 1, or after 9 between May 1 and Nov. 1. The women asked that the ordinance be changed to make 8:30 the curfew hour the year around.

REPORT ADVERSELY ON DEATH VERDICT BILL

SACRAMENTO, Feb. 28.—Senator Kehoe's bill amending the penal code to permit juries which vote the death penalty to reconsider their verdict if mitigating circumstances justified such a course, was given an adverse recommendation in the report of the Senate judiciary committee.

VILLA WOUNDED, NOT ABLE TO LEAD, REPORT

EL PASO, Feb. 28.—Francisco Villa is ill in a little mountain cabin near San Andres, Chihuahua, and unable to direct the campaign which he had planned against Chihuahua City and Juarez, according to Americans who arrived here from Madera and Pearson, Chihuahua.

They say Villa's old wound, which was received at Guerrero, Chihuahua, during his pursuit by General Pershing, had reopened and was causing him intense suffering.

AMUSEMENTS

Cole Bros. Circus

A noticeable feature of Cole Bros. Circus, which comes to Santa Ana March 8th, is its absolute freedom from anything suggestive that mars so many performances; its clean, wholesome fun, the real comedy of the clowns, in burlesquing important topics of the day, and grotesque impersonations of people prominent in the limelight. Funny clowns under the leadership of Happy Charley Post, feature many absurdly comic acts. "The Big Suffragettes Meeting," "A Baseball Number," "Comedy Policemen," "Flying Machine and Automobile Number," "Rube and Old Lady Number," and dozens of other foolish and ludicrous comedy acts.

Prof. F. J. Rogers, the horse trainer, with his troupe of five educated performing white Arabian horses. Prof. Chas. Barry with his troupe of educated dogs and Shetland ponies will be the delight of the children and interesting to the grownups; 25 of these ponies present drills and difficult military maneuvers with all precision and skill of trained soldiers.

At Clune's

There will be intense interest in the Bluebird photoplay, "Her Soul's Inspiration," to be exhibited at Clune's Theater Wednesday and Thursday, with Ella Hall playing the role of an orphan girl who must battle for her existence not alone against the average fortunes of life but against intrigue that nearly robbed her of a rightful inheritance of wealth and attendant happiness. But in making the struggle the little girl came upon a young man who impersonated her ideal, and as a crowning joy to the end of her woes she gained a husband. There could be no more happy ending than will be disclosed in the "fade out" of the forthcoming Bluebird.

At the Temple

Lovers of diversified amusement will get more than their share at the Temple tonight, for in addition to the wonderful six-reel feature picture, "The Libertine," and the popular Athon Company in the sensational play, "The Woman Who Dared," a real live greased pig will be given away to the holder of the lucky number, with the proviso that whoever wins the porker must go upon the stage and catch it in full view of the audience.

The West End

Louise Huff and Jack Pickford, who created such a tremendous success in the Famous Players' adaptation of Booth Tarkington's celebrated novel, "Seventeen," have been starred by the same company in an adaptation of Charles Dickens' wonderful work, "Great Expectations," which is the Paramount Picture at the West End Theater tomorrow and Friday.

Princess

Helen Holmes does one of her most spectacular screen "stunts" in this chapter of "A Lass of the Lumberlands," showing at the Princess tonight.

Helen is at the throttle of a freight engine, when a cowboy, hired by "Dollar" Holmes, rides alongside the cab, lassoes her and drags her on to his saddle. She braces herself and makes a flying leap back into the cab, regaining control of the throttle.

The fight between cowboys and football players furnishes another exciting incident.

W. C. T. U. Memorial Meeting
The Santa Ana W. C. T. U. held a most interesting meeting yesterday afternoon at the home of Mrs. T. A. Winbiger, 709 Ninth street. Mrs. W. E. Ward, the president, presided. Mrs. J. A. Stevenson led very appropriate devotional services. The ladies' quartet composed of Mesdames Chapman, Hayes, O'Brien and Crites, furnished two splendid numbers. The subject for the meeting was Willard Memorial and Crusade. The leader was Mrs. A. L. Deering, who gave some interesting reminiscences of Frances Willard, covering different stages of Miss Willard's life. Mrs. Susan Burns gave some interesting facts of Miss Willard's connection with the Crusade. Mrs. J. H. Edwards read some articles on "Mother" Stewart, who had such an active part in the Crusade. Rev. J. G. Kennedy gave a fine address on Frances Willard. He eulogized the life of this wonderful leader on the unpopular subject of prohibition, and we are just now at this time reaping the results of this great leader's work that she laid the foundation for thirty-eight years ago, and her name is honored by all now as much as it was when she passed on nineteen years ago. Mrs. Winbiger sang "Lead, Kindly Light." She was accompanied by Mrs. A. J. Padgham.

A grand gold medal contest will be held at Centralia school house at Cypress on Friday evening, March 2. A good attendance is desired from all over the county. All superintendents of the different departments are requested to be present at the next meeting with a report.

A discussion on taking a stall in the public market for cooked foods was held but no definite action was taken today. The next meeting will be the annual meeting and election of officers. It is requested that all reports be ready, and the treasurer desires that all dues be paid by the time of the next meeting, which will be held at the home of Mrs. John McFadden, 906 North Main street.

Washington P.T. Association
The Washington Parent-Teacher Association will meet on Thursday afternoon. A good program has been prepared, and refreshments will be served, and all visitors will be welcome.

Sunshine Society
The Sunshine Society will hold its regular meeting on Friday afternoon at 2:30 at the home of Mrs. Minnie Coleman at 1321 North Parton street.

AN EXPERT ON COLDS
Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

Scott's Emulsion has always been an expert on colds, because it peculiarly enriches the blood, quickly tones up the forces and strengthens both throat and chest. Try Scott's. Refuse Substitutes.

Surprise Shower
The Philatelic Society of the South Methodist Church gave a surprise shower last night at the home of Miss Flossie Zeman, honoring Mrs. Kenneth Morrison, their president, and a recent bride. After a brief business meeting, the meeting was turned into a jolly social affair. A clever guessing game was devised, where each player in turn was blindfolded, and "guessed" who was at the other end of a string given him, and when Mrs. Morrison's turn came, she was blindfolded and a shower of presents descended upon her. The guests then turned their attention to reconstructing their president's romance by means of magazine pictures, paste and blank books. After the serving of refreshments, the happy company gathered around the open fire and toasted marshmallows.

Union Auxiliary Entertains
The Women's Union Auxiliary last night entertained the union members, their families and several invited guests at Labor Temple with a dancing and card party. Music for the dancing was furnished by Mrs. Coe, Mrs. S. Hardy and Miss Hardy, and afterwards the orchestra from the Temple Theater gave some enjoyable music. An interesting feature of the entertainment was a talk on union organization by W. O. Codling. A bountiful supper was served.

Theater Party
F. A. Rogers, district manager of the Fraternal Brotherhood, and Mrs. Rogers, entertained the contest committee last night with a theater party at the West End, followed by a dainty supper in the suite occupied by Mr. and Mrs. Rogers at the Aetna apartments. An interesting business meeting was held. Those present were J. W. Ryan, Neil Morrison, Theona Lovelady, Mrs. Roy Ballard and Mr. and Mrs. Rogers. On Thursday evening the Fraternal Brotherhood will give a St. Patrick's party in the M. W. A. hall and all members are expected to wear something green.

Personal

Mr. and Mrs. Horace Fine, Charlotte and Cleora Fine, and Mrs. Louise Waite motored to Trabuco Tuesday afternoon. Mrs. Fine will remain in the mountains for some time for the benefit of her health.

Mr. and Mrs. Frank Elsy of Los Angeles were visitors yesterday at the home of their cousin, Mrs. J. R. Medlock.

Dr. I. D. Mills was a passenger aboard an early car to Los Angeles today.

J. S. Hill was a business visitor to Los Angeles today.

Mrs. C. A. Gustlin was a visitor today in Los Angeles, where she was a guest of Mrs. Elton Lang at the Ebell Club.

Mrs. Ollie Cain is enjoying a visit from her sister, Mrs. Loucks, of Iowa, and the two will attend the Iowa picnic on Saturday.

S. M. Davis spent the day in Los Angeles on local business.

The following Santa Ana music lovers attended the grand opera in Los Angeles last night: Mrs. W. R. Coleman, Misses Sarah Gardner, Estella Meade, Grace Birtcher, Annis Snow, Thacker, and Professor Black.

Entertainment For Blind
Under the auspices of the Social Service Headquarters, a series of entertainments for the blind has been arranged, the first of which was held on Monday in the Parish Hall of the Church of the Messiah, the use of which was very kindly proffered by the rector, Rev. W. L. H. Benton. The purpose of these entertainments is to get in touch with the adult blind of the city, and to provide them with some recreation and entertainment, and there were five present at the first meeting.

A very enjoyable program was given under the direction of Mrs. Lyman Ellis, at whose home the meeting will be held next week, when a discussion of current topics of interest will be held, as well as a musical program.

Monday's program included a Bible reading by Rev. W. L. H. Benton, a reading of "The Pied Piper of Hamelin" by Miss Romney, a whistling solo by Mrs. Ellis, instrumental music by Mrs. A. J. Padgham and vocal solos by Larue Pipp.

Birthday Dinner
Mrs. Cara Hunt was the guest of honor at a birthday dinner given by her daughter Miss Marjorie Hunt at the residence of Dr. H. E. W. Barnes of this city on Saturday evening.

Covers were laid for six and an enjoyable little dinner party of Mrs. Hunt's friends wished her many happy returns of the day. Those present were: Mrs. Cara Hunt, Mrs. James Ellsworth, Miss Edna Wilson, Miss Marjorie Hunt, Mr. Mac Northcross and Mr. Brayton Norton.

Kensington Party
Mrs. Fannie H. Collings was hostess yesterday afternoon at a delightful informal Kensington party, to which were bidden a few close neighbors and friends. The rooms were gay with quantities of daffodils, which also graced the small tables at which refreshments were served.

Those who shared Mrs. Collings' pleasant hospitality were Mesdames J. R. Paine, C. H. Meacham, Ollie Cain, K. B. Pierce, D. T. Oert, Eva Bruce, Frank Todd, Loucks, and Miss Elizabeth Easton.

ORANGE GROVE SOLD
ORANGE, Feb. 28.—The J. Warren ranch on North Batavia street, consisting of a five-acre Valencia grove with a residence, was sold yesterday to J. Atkins of Pullman, Whitman county, Washington. Atkins purchased the property for a home, the consideration being \$11,000. Moore & Dozier were agents in the transaction.

THEIR VISITING DAY
ORANGE, Feb. 28.—Orange grade school students enjoyed a holiday yesterday while the teachers went visiting. It was the annual visiting day, appointed by the board, on which the teachers of the city schools are permitted to go to other schools on visits of inspection.

The teachers went to other towns in this and Los Angeles county to observe the work in which they were particularly interested.

Use Crisco and Enjoy the Natural Dainty Flavors in Foods

YOU never can realize the true, appetizing flavors in many of the foods you like until you try them prepared with the purely vegetable

CRISCO
For Frying, For Shortening, For Cake Making

There is unusual daintiness about all foods fried in Crisco. Eggs fried in Crisco are as delicate as if they were poached.

Doughnuts are exceptionally tasty and free from all greasiness.

Crisco gives up its heat so quickly that a rich brown crust forms immediately, keeping the fat out and the flavor in.

Crisco is so sweet and pure, having neither odor nor taste, that over a million housewives depend upon it wherever a cooking fat is required.

Ask YOUR grocer to send Crisco and learn how it is possible to add to the tastiness of the simplest foods.

CAPTURES 'POSSUM IN BACK YARD WOODPILE

What Daniel Umatham of 1249 West Third street calls a ring-tailed 'possum, was captured by him in his back yard yesterday afternoon.

The animal is just short of three feet in length, tail and all. Its caudal appendage measures about 18 inches and is smooth.

The 'possum, if such it is, is considered a great curiosity by all who have seen it and there is much speculation as to where it came from.

The animal was caught with a noose and when dragged from under a woodpile it wrapped its tail around a piece of wood. It showed no fight.

The 'possum's color is similar to that of a squirrel.

WAITS FOR DAYLIGHT, WHEEL THIEF ESCAPES

C. H. Potts of North Main street, sat around for an hour this morning waiting for daylight and thereby lost a perfectly good bicycle thief.

A man, supposed to be a Mexican, walked in Potts' yard about 4 o'clock and rode off on his bicycle. His daughter, Vergil, saw the bicycle ridden off and informed her father.

Potts phoned to the Santa Ana, Orange and Anaheim police, and then waited until daylight so he could give pursuit. A little after 5 a. m. and his daughter started out in their machine for Anaheim and arriving there a few minutes later found the wheel leaning against a curb. The man was gone.

Miss Potts is of the opinion that the thief was a Mexican.

TWO AUTO ENGINES OF FORD MAKE HAVE THE SAME ENGINE NUMBER

Sheriff Jackson and Deputy Cravath are puzzling over information that they have received from the Ford factory at Detroit, Mich. Saturday a man named C. W. Groseman was arrested here on suspicion that the Ford he had was stolen. His stories were such that suspicion was strengthened. The engine number was taken down, and a wire was sent to the factory to find out where that engine went. The reply states that the engine went with a machine sent to Minnesota. The officers are satisfied that the machine here has had the engine number changed by making a figure 3 into 8. Groseman is out on bail on a charge of running a machine without a license.

HIGH SCHOOL'S SHOW IS FRIDAY THIS WEEK

The annual High School mid-winter entertainment is to be held next Friday, March 2, at Clune's Theater. This entertainment is a yearly event and in previous years has proven a decided success, financially and otherwise. The program this year is complete in itself, far exceeding those of past years, containing something to suit everybody, from high-class musical selections to a side-splitting "Never Keen Comedy," including a one-act play of great human interest; scenes from old Madrid, featuring Spanish dancing that would capture Villa; also a pretty scene from "The Flying Dutchman," a tale of the old Northland. In this diversified program everyone will find something exactly to his taste.

HOW THIS MOTHER Got Strength To Do Her Work

Fair Haven, Vt.—"I was so nervous and run down that I could not do my housework for my little family of three. I had doctored for nearly two years without help. POSING AS REFUGEES FROM A GERMAN SHIP, THEY SEEK, GET AID

Sheriff Jackson is endeavoring to get trace of two young men who were here yesterday seeking aid upon the ground that they were refugees from a German ship stalled in Mexico. They went to a number of former residents of Germany who now live in the northeastern part of Santa Ana, and told them that they were in dire circumstances. One of the good-hearted men to whom they made an appeal fitted them out with a roll of blankets, and wished them godspeed.

The young men were evidently not looking for blankets, for no sooner were they well away from the house than they threw the blankets away.

This started inquiry, and it was found that in the neighborhood the two men, one who said he was a German and the other who said he was a Hungarian, had been given no less than \$10.

TWO FINE BREEDING ANIMALS COMING TO ORANGE COUNTY

Chas. Griffin, who recently came to Santa Ana from Hemet, is expecting the arrival today, via the Santa Ana Canyon, of "Denmark," a famous pure-blood Percheron stallion, weighing 2200 pounds, who will make the season in Orange County. Making the season with Denmark will be "Stonewall Jackson," a fine black Kentucky jack. These animals will be more fully introduced later in these columns.

BEACH ACTS TO CONDEMN LAND NEEDED FOR JETTY WORK

Trustees Pass to Its Second Reading Ordinance to Start Proceedings

NEWPORT BEACH, Feb. 28.—At a meeting of the board of trustees a resolution was passed to the second reading which will provide the preliminary steps for the condemnation of a certain strip of land lying on the easterly end of the peninsula, which public necessity demands for the shore protection of the municipal jetty.

The land in question is owned by Joseph Ferguson of this city and the institution of condemnation proceedings comes after a conference with Ferguson and his representative, in which the board of trustees and the owner of the land could not arrive at a mutually satisfactory settlement concerning the value of the desired real estate.

Ferguson made the city a price of \$25,000 for the necessary land which is approximately at the rate of about \$2000 per acre. This price was considered too high by the members of the board and the resolution passed to the second reading indicates the course of procedure which will be followed by the board in securing title to the land in question.

City Health Officer J. A. Porter submitted a report which showed the

progress which has been made the past year to curb the spread of contagious diseases. Porter recommended the appointment of a municipal board of health to cooperate with him further along the above lines, consisting of one licensed physician, one engineer and as many members as should be deemed practical. An ordinance was passed to the second reading creating such a body to deal with problems of health in this city.

In the latest bulletin issued by the State Board of Health this city is given a place upon the roll of honor, due to the fact that the health officer filed each week during the year 1916 a report to the State Board, as required by law. There are four other cities in Orange county which are accorded a place on the honor roll, namely, the County Health Officer, Dr. A. H. Domann, Dr. F. L. Chapline of Orange, Dr. J. H. Lang of Huntington, and Dr. G. A. Shank of Huntington Beach.

An official canvass of the election returns in the recent annexation election of Newport Heights was formally made by the board which showed 131 votes for and 4 votes against the annexation within the City and 8 votes for and none against within the territory to be included.

A petition bearing the names of a number of property-owners on Nineteenth street was read which asked that the city take action in ordering a sidewalk along Nineteenth street similar to Twentieth street was referred to the superintendent of streets and the street committee.

The request from the Taxpayers' League asking that all city warrants be read in open meeting elicited much discussion among those present, it being decided to give the matter a trial and read the bills for the current month's expenditures at the next regular meeting.

Albert Hermes, the president of the league, speaking for the members, stated that the organization of taxpayers was, contrary to popular belief, not a "knockers' club" but rather a boosters' organization, imbued with a sincere desire to aid rather than to hinder the city's growth.

After the discussion of a few matters of minor interest the board adjourned to Monday evening, March 5.

TALBERT BEET CROPS ARE IN SPLENDID FIX

About Half of the Acreage is Planted and is Looking Fine

TALBERT, Feb. 28.—The rains of the past week were of great benefit to the beet crops. Many acres of the plants are now up so the rows can be plainly seen. It is estimated that about one-half the acreage that will go into beets is now in.

The effect of the rains on the dirt roads in this vicinity proved disastrous. It left them muddy and slippery so that it was almost impossible to travel off the boulevards.

S. E. Talbert put four teams on his beet ground to harrow Monday. This land is of a sandy nature but the majority of the land here was altogether too wet to do anything with that soon after the rain. Small lakes of water were standing in many of the fields.

The Newport and Talbert dredges were not able to work steadily the past week on the joint ditch on account of the rains. Considerable trouble is being experienced by the Newport dredge at present as it has quicksand to contend with while crossing the lowest section of the land by the Meyers ranch. This dredge is making progress very slowly and that together with the delay caused by the weather conditions will prevent the ditch being completed as soon as it was thought possible last week.

An extra force of men has been added to that already at work on the Talbert drainage district's canals, cleaning out the water cess and other foliage that has collected in them. There are now ten men in the crew. The foliage has grown so rank during the short time since the dredge went through them that it is causing the water to back up on the fields and cause danger to the crops, so the work is being pushed as rapidly as possible.

F. D. Plavan and niece, Miss Grace Malan, and S. P. Walker attended the funeral of J. J. Grisett, which was held last Friday afternoon at the church at Greenville.

Mr. and Mrs. F. D. Plavan motored Friday to Perris, remaining until Sunday with Alma and Ernest Plavan.

Sunday school was held at the usual hour, 6:30, last Sunday evening, but the preaching service was omitted on account of the illness of Rev. Andrews, who is suffering with a severe cold.

Mrs. A. Martel spent Monday in Los Angeles.

On account of the disability of Rev. Andrews only a short meeting was held by the Boy Scouts at his study last Saturday afternoon.

Mr. and Mrs. Leo Borchard and Mr. and Mrs. Chas. Ward were entertained at the home of Mr. and Mrs. Ed Farnsworth, North Broadway, Santa Ana, last Sunday.

Mrs. J. Y. Evans spent Tuesday night with a friend, Miss Alice Parker, at Santa Ana.

Mrs. Arnold Walker has been on the sick list the past week.

Mr. and Mrs. Manderscheid of Greenville, were entertained at dinner Sunday, at the home of Mr. and Mrs. W. O. Ater.

Mrs. M. S. Jepson of Los Angeles, came down to see her ranch last Saturday. She was accompanied by a prospective buyer.

While cranking his brother-in-law's machine one day last week, Harvey Walker cut his lip badly and split a tooth half in two, when he came in contact with the radiator. On Monday he paid the dentist a visit and had a part of the damage repaired.

Mrs. Sam Wiley went to the Santa Ana hospital Saturday, where she underwent a successful operation. She is doing nicely according to a late report.

Miss Williams, a sister of Mrs. Wiley, arrived Wednesday of last week from Kansas City and will remain with her for some time.

Rev. and Mrs. Andrews spent the greater part of last week in Long Beach.

S. G. Harper loaded two cars of celery on Monday.

Claud Swift and wife of Huntington Beach, spent Thursday night at the home of their parents, Mr. and Mrs. A. F. Swift.

Like a Boy at 50 Bubbling Over With Vitality--Taking Iron Did It

Doctor Says Nuxated Iron Is Greatest of All Strength Builders --Often Increases the Strength and Endurance of Delicate, Nervous Folks 200 Per Cent. in Two Weeks Time

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 30 he was in bad health; at 40 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the joy of living. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away habit-forming drugs and nauseous concoctions and take a simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron; if you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for four weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y.—"Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go out on the street alone. Doctors said medicines were useless and only an operation would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work."—Mrs. NELLIE PHELPS, care of R. A. Rider, R.F.D. No. 5, Fulton, N. Y.

FIGHT EUROPEAN WAR IN PEKING STREETS

SAN FRANCISCO, Feb. 27.—The war in Europe has been fought over on a reduced though bloody scale in the streets of Peking, according to C. A. Jauregui, a young millionaire from the Argentine, arriving here with his bride after a wedding journey through the Orient. The conflict was staged, said Jauregui, who obtained his information from the Spanish ambassador at Peking, when the legation guards of the Austrian and Italian legations, marching through the streets, met.

The commands came to an abrupt halt, and then, before their officers could stop the men, a battle occurred in which rifles, swords and bayonets were used. The combatants were finally parted by their officers after many had been wounded.

As a result of the battle the embassies agreed to set apart certain days of the week on which the troops of one of the belligerents may go out into the streets, while the other side stays within the embassy walls.

GOETHALS TO QUIT AS RAILROAD PRESIDENT

NEW YORK, Feb. 27.—It is reported that Major General Goethals has arranged with Secretary of War Baker to be relieved shortly of the presidency of the Panama railroad so that he may be free to engage in private business. Colonel Harding, who succeeded General Goethals as governor of the Canal Zone, will become president of the railroad, it is said.

It is understood General Goethals will open an engineering office here.

Why Suffer With Backache, Kidneys or Rheumatism, Now?

Letter Filled of Long Looked-for Prescription.

Dear Readers:—I am making a personal appeal to those of you who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines that you know nothing about, and in their place take a short treatment of "An-Uric" and be convinced of its superiority, as I was.

I have taken many of the kidney medicines but none with the results of "An-Uric." I am so pleased with the curative properties of this wonderful prescription that I cannot say enough about it.

You've all undoubtedly heard of the famous Doctor Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "An-Uric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "An-Uric" for their anxious customers in and around this locality.

At any rate don't give up hopes of being cured of your malady until just a few doses of "An-Uric" has proven that it will make you feel like a different person.—E. L. R.

EDITOR—Please insert this letter in some conspicuous place in your paper.

BOLSA BEET THINNING TO START SOON

Recent Rains Bring the Sweet Vegetables Rapidly to The Front

BOLSA, Feb. 28.—The early planting of sugar beets in this vicinity has grown so late that thinning will begin in a short time. J. S. Rice began his thinning Tuesday. The growers were glad to see the rains.

SELLS STORE AND HIS HOME

A. Merigold's Ranch Changes Hands—News Notes From Tustin

TUSTIN, Feb. 28.—The home of F. G. Courier, as well as his business interest in the Tustin hardware store has been sold to Charles Logan. Courier expects to remain in Tustin until the early summer months and the probabilities are that the family will return to their old home in Minnesota.

The ten acre orchard and home place owned by A. Merigold has been sold to John W. Sauer. Mr. Merigold will move to San Luis Obispo county which he thinks will be beneficial to his health.

BIRTHDAY PARTY

A Washington's Birthday party was given last Saturday night by Mr. and Mrs. P. A. Trickey at their home on Laguna avenue at Irvine. Intensely interesting games of whist served as pastime. Patriotic decorations were used in profusion. Tiny flags were the invitations. The score cards were little Washington hats and refreshments carried out the same color scheme in red, white and blue frosted cakes, with sandwiches, olives, chocolate and salted peanuts being the refreshments.

The first prizes in the whist games were won by Mrs. John Kiser, and Floyd Turner, the consolations were given to Mrs. Claud Norton and Forest Collar.

Those present were Mr. and Mrs. Harry Kendrick, Mr. and Mrs. Penlon Matthews, Mr. and Mrs. Dudley Kiser, Mr. and Mrs. John Kiser, Mr. and Mrs. Harry Jessup, Mr. and Mrs. Claud Norton, Mr. and Mrs. Grant Holderman, Mr. and Mrs. Nelson Holderman, Mr. and Mrs. Floyd Turner, Mr. and Mrs. Harry Kiser, Mr. and Mrs. Roy I. W. C. T. U.

The annual meeting of the Tustin W. C. T. U. will be held Thursday, March 8, at the home of the president, Mrs. Sarah Brown.

Reports will be given by all the superintendents. There will be an election of officers to serve during the coming year. As this is the beginning of a new year, the payment of dues will be in order.

HARD TIMES PARTY

The young people around Tustin who are lovers of fun heartily enjoyed the hard times party at K. P. hall last Friday night. A prize was offered to those who succeeded in arranging the most ridiculous costume and the prizes were won by Miss Beulah White and Penlon Matthews.

The evening was spent in dancing to music furnished by Mrs. Floyd Turner on the piano and Mr. Dysert on the drum.

The costumes surely indicated hard times, but in spite of the poverty-stricken condition of the large crowd, there never was a merrier one.

After several hours of dancing toothsome refreshments were served.

BALL ON TOMBSTONE SLOWLY REVOLVING

HARRISONVILLE, Mo., Feb. 27.—There is a tombstone in Orient county, here that puzzles local scientists. The tombstone consists of a pedestal on which rests a ball of granite two feet in diameter. With the exception of the spot that rests on the pedestal the ball was given a high polish. Now the ball has turned until the unpolished spot has moved about one-sixty-fourth of the distance of the complete circle. A Harrisonville mathematician ascertained the exact hour the monument was set and by his computations declares the ball will make one revolution in 100 years.

POSSE HUNTS FOX; BAD FOX BIT FARMER

NEW YORK, Feb. 27.—Following reports of a new depredation by foxes in Putnam, Dutchess and northern Westchester counties, a posse of six hunters, headed by Irving Vandever, of Stormville, N. Y., set out to run them down.

Alfred Mellen, of Wiley Lake Village was bitten twice on the leg by a fox in the darkness of his barn. Reports were received from farmers that the foxes are devouring chickens and turkeys as far south as Peekskill.

SUDDEN DEATH COMES TO HIM

V. F. Barnes, Well Known
Citizen of Wintersburg,
Dies of Apoplexy

WINTERSBURG, Feb. 28.—Death came very unexpectedly on Saturday to one of the old residents of this vicinity when V. F. Barnes was stricken with apoplexy. He had been to Santa Ana with R. L. Dyer and as he reached his home, he fell at the doorway. It is not known that he was feeling anything but in the best of health. Death was instantaneous. The funeral was held on Monday afternoon at 2 o'clock from Mills & Winbiger's parlors in Santa Ana. Mr. Barnes came to this neighborhood as a very young man some twenty-six years ago, married here, and raised a family of four children, two sons and two daughters. These with the widow, are left to mourn the loss of husband and father.

The game of basketball at Garden Grove Saturday night was between the Huntington Beach Y. M. C. A. team and the Rustlers of the Wintersburg Y. M. C. A. It was a game of the right sort, so the Rustlers thought, at least, as the score stood 20 to 9 in their favor.

In spite of the weather conditions, a large number of spectators were present and they report "the best time ever." Some thirty or more Wintersburg people drove over to see the local boys win the game, which is the third out of four games played. The line up:

Mr. and Mrs. Earl Farrar, Keith and Maxine Farrar and Mrs. Lottie Waite motored to San Bernardino Saturday to attend the Orange Show, returning Sunday evening. They pronounced the exhibition of the citrus industry better this year than ever shown before, and the attendance very large. Hotel accommodations could not be had at San Bernardino, and they were obliged to go to Redlands, and even there experienced some difficulty in getting rooms for the night. The industrial tent with its up-to-date farm machinery, tractors, the latest word in automobiles, was of great interest to the enthusiastic young ranchers of the party. Mrs. Lottie Waite, who has been the house guest of the Farrars the past week and who accompanied them to San Bernardino, is visiting Mr. and Mrs. Ed Moore, in Orange.

Work on the new paved road west of town has progressed nicely. The entire distance has been covered with the crushed rock and rolled. Nearly half the distance has been covered with the fine granite, but on account of the latter being so heavy to haul when wet, it was thought best not to order any more shipments until the rains are over.

Mr. and Mrs. Chris Nelson, Mr. and Mrs. C. H. Muddux, Mrs. John Graham, Mr. and Mrs. A. B. Crane and E. R. Bradbury attended the funeral of the late Clifford Ulrich, held in Santa Ana Friday.

Miss Mary Philpot of Long Beach is the house guest of her cousin, Mrs. G. M. Robertson.

Mr. and Mrs. Earl Hill of Pasadena visited Saturday and Sunday with their brother and sister, Mr. and Mrs. Carl M. Hill and family.

Miss Ellen Sharratt came out from Los Angeles Saturday to visit a couple of days at the home of her grandparents, Mr. and Mrs. D. F. Sharkey.

L. L. Lebow and family drove their Hudson to the city Sunday afternoon.

Mr. and Mrs. Teal and children spent Sunday with the former's parents at Anaheim.

Mr. and Mrs. R. O. Wells and children, Loyal and Ralph, returned Thursday from a trip to Kansas. They have been gone a month or more, long enough to test the severity of the eastern climate. They visited Mrs. "Old" people and had a very fine time.

Miss Ruth Jordan spent the week end with her people in Redlands, returning Sunday evening.

Mrs. M. J. Barton visited Sunday with Mr. and Mrs. Fred Coppage of Long Beach, former residents of Wintersburg.

Mrs. Ethel Juckett of Cucamonga is visiting this week with her sister, Mrs. Walter A. Buehler and family.

NIGHT TORPEDOING OF LACONIA IS PUZZLE

WASHINGTON, Feb. 28.—Naval officers are puzzled by the fact the Laconia was torpedoed at night. It has been an accepted condition of submarine warfare heretofore that the U-boats were hampered by darkness and ships in open waters were in little danger at night.

It is believed that the German U-boat happened to be directly in the liner's path or so close that the big vessel was distinguishable even with her lights out.

It is submarine practice to recharge electric storage batteries at night, and it is regarded as probable that the boat which torpedoed the Laconia was on the surface engaged in this operation when the liner came along.

LOS ANGELES PRODUCE MARKET
The first break in soaring prices was evidenced yesterday when Los Angeles wholesalers lowered their quotations on brown onions to 11 cents a pound. This is but a beginning of a generally lower level of values for that commodity, it is expected, although the decline will be gradual.

Swiss potatoes are winding up and in consequence values have been raised to \$4.75 and \$5.00 a hundredweight. These are prices for the very best grades on the market, thin potatoes bringing much lower figures. Pink beans are also higher, the better class of shipping stock having jumped to \$9.50 a hundred. Demand for white beans and for limas is falling off in proportion to advancing costs to the retailer and consumer, and it is not anticipated by jobbers that values can go much higher. As a matter of fact, the dried bean market today is the highest in the history of the state.

Eggs took a big drop all over the country Tuesday. Locally at yesterday morning's session of the Produce Exchange fresh extras receded 2 1/2 cents a dozen, case count 3 cents a dozen, and pullets 1 1/2 cents a dozen. The production of eggs in all parts of the United States is now growing greater, and prices from now on are approximately normal levels.

(Corrected daily telephone from Los Angeles)

BUTTER—California creamery extras, 26c; do. creamery firsts, 32c. These prices represent 2 cents added to jobbers' prices to producers.

EGGS—Pullets, 21c; case count, 26c; extra, 23c. Quotations on eggs, case count basis, indicate jobbers' and wholesale prices to producers. Quotations on candied and selected stock are prices to the trade.

POLITRY (Buying Prices)—Broilers, 20c; heavy hens, 22c; old and young, 12c; young turkeys, 20c; young geese, 30c.

MISCELLANEOUS FRUITS—Bananas, 14c; pineapples, 7c lb.; \$4.50 crate; strawberries, \$1.50; kiwifruit, \$1.50; pomegranates, \$2.00; box, Kumquats, \$1.50; loquats, 10c; cherries, 12c; blueberries, 5c; peaches, 13c; apricots, \$1.50; 75c; currants, \$1.25; box; Sunkist oranges, \$4.00; Burbank plums, 15c; Satsuma plums, 8c; crab apples, \$1.00; box; Malaga grapes, \$1.50; Tokay, \$1.00; 1 1/2 lb. box; Muscat, \$1.50; seedless grapes, \$1.00; black grapes, 8c; Morocco grapes, \$1.10; box; Kelsey plums, \$1.00; 1 1/2 lb. box; 4-lb. ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Ends Bad
Colds or Grippe In a
Few Hours

—Relief comes instantly.
A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.
It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.
Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

left the job empty handed. The explosive used was dynamite boiled down and usually referred to as "soup."

The man was no novice at the game, for he covered up every possible clue. Gloves left on the top of the safe by one of the proprietors of the plant were used by the thief and not a finger print could be found on anything.

Finds No Prints
Charles Maxwell, finger-print expert at the sheriff's office, made a careful search for marks from which to make finger prints, but could find nothing. Entrance to the factory was gained by knocking off a cypress fastener on the double doors on the north.

Foot prints of only one man were found and in the opinion of officers it was a one-man job.

Soft soap was placed around the cracks formed by the door to the safe and the liquid dynamite was poured into the cracks, but failed to do its work.

Falling in this the burglar tried to break into the safe by blowing off the combination. The knob of the combination was blown through a desk standing close by.

A heavy stick was used also to batter the combination.

Finds Dynamite
The boiled dynamite was found this morning by City Marshal Jernigan who went to investigate. It was contained in a bottle bearing a label of the Red Drug Company, San Pedro street, Los Angeles.

The firm does not make a habit of leaving money in the safe at night and none was there last night. The burglar would have gotten nothing for his work even if he had succeeded in opening the vault.

'CAPT. JACK' CRAWFORD, NOTED SCOUT, IS DEAD

NEW YORK, Feb. 28.—John Wallace Crawford, known as "Captain Jack" Crawford, is dead at his home in Woodhaven, L. I., from an attack of pneumonia lasting a month. Crawford was born in 1847 in Ireland. He was a veteran of the civil war and was at one time chief of scouts under General Custer. He took part in the pursuit of Sitting Bull.

PROPOSED BILLS DISCUSSED IN BRIEF BY EDEN

Bill Against Trading Stamps
Good In Opinion of
Speaker

"It doesn't seem to me that a merchant can give away two per cent of his profits in premiums, and when I buy from a merchant who is giving these I feel that I am paying for what he is giving to induce my trade or the trade of others."

This is the manner in which Walter Eden, former deputy district attorney and now deputy registrar of titles, expressed himself today at the Merchants' luncheon at the Cherry Blossom, in discussing the bill proposing to abolish the use of trading stamps or the giving of premiums.

Eden reviewed briefly some of the measures now pending in the state legislature affecting the interests of business men in particular and the public in general.

He considered the prohibition and revenue bills two of the most important before the state law makers.

He had not seen the full text of all the bills and made his observations from synopsis.

Legislation affecting the high cost of living he believed to be good. He believed there should be regulation of food products. There is some legislation proposing that in case products are stored more than ninety days the state should have power to condemn and take them in charge.

A bill extending the statute of limitation on debts he believed to be one that should receive the support of business men. The bill proposes extending the limitation from two to four years.

The bill governing trading stamps and premiums he characterized as being double barreled. He said that a law prohibiting the giving of stamps or premiums could not be passed, but that the evil could be regulated out of existence. The bill proposes a license of \$6000 for every store giving such inducements to patrons. He expressed the belief that this measure would also do away with the free lunch counters.

A bill pending providing that two or more counties may form a road district, he declared to be questionable. He thought the passage of the bill might result in control of county work passing to the state engineering department.

Regulation of commission mer-

chants he considered good. The proposed bill requires brokers to take out licenses and submit their books to investigation.

He suggested that everyone get behind the bill making the minimum width of a state highway eighteen feet. He referred particularly to the state highway south of Santa Ana, which is only fifteen feet wide, and said that many accidents which had happened on this part of the highway were due to its narrowness.

E. W. Morris, president of the Western National Bank at Mitchell, South Dakota, was a visitor at the luncheon. He is here visiting L. M. Doyle, cashier of the California National Bank. Doyle introduced him as his "father" in the banking business.

Morris made brief remarks, in which he spoke of the wonderful evidences of prosperity and thrift seen in Orange county on a tour of the county.

True to form and true to his promise, Mit Phillips, chairman of today's luncheon, closed the affair with a vocal solo. And it was s-o-m-e song.

IN THE JUSTICE COURT NOT PROVEN RAMON STOLE THE BIKES

Though H. D. Tyler identified parts of two bicycles as parts of bicycles belonging to him and his brother, there was nothing produced in court this morning to show that Ramon Miranda stole the bicycles. The stolen pieces were found in a Mexican house at Garden Grove, where Ramon is supposed to have lived.

While found not guilty of the theft of the bicycles, Ramon is still retained in jail on suspicion that he is the Mexican who tried to kill Officer Carter a few months ago. Carter was taking several Mexicans to jail when one of them tried to kill him and escaped.

Pays Fine of \$1
Henry Poyet was fined \$1 for riding a bicycle at night without having a proper light.

AT THE COURTHOUSE BY STIPULATION JUDGMENTS GO TO RAILWAYS

P. E. Still Has to Dispose of
Several Actions Involving
Rights of Way

By the stipulation of attorneys involved, judgments were entered this afternoon in two of the condemnation suits brought by the Pacific Electric for a right of way from La Habra to Fullerton. In the action against J. M. Kellerman \$3500 is given for land and \$125 for fences. In the action against Dominic Bastanchury \$10,500 is given for land and \$500 for fences.

The actions against Rorden and Shephard are set for trial on April 2. In Intervention
B. F. Biggs today filed a suit in intervention in the action brought by J. D. Munton against the People's New Laundry Company, an action on a note for \$500. Biggs is represented by Attorneys Scarborough and Forgy. He asserts that the plaintiff should have no judgment. The sale of stock once held by H. G. Holt because payments were not made is involved in the case.

Juror Becomes Ill

Because one of the jurors became ill, the trial of Francisco Marez was delayed for several hours today. This afternoon Judge West is giving his instructions, and the fate of Marez, charged with murder, should be known late this afternoon.

Gets Four Months

This morning Lucio Lopez of Olive pleaded guilty to assault upon Emilio Orana, and was sentenced to four months in the county jail. Emilio and Lucio worked on a section gang, and had a row. It is charged that Lucio struck Emilio on the knee with a pick.

Case Is Re-set

This morning Judge West re-set the trial of the damage action of Flood against the Head Drilling Company for April 4. Action is for damages for injuries received in an auto smash.

Will Is Filled

With P. H. Krick of Anaheim as petitioner for letters, there was filed yesterday the will of Lydia H. Hoffman, who died in Santa Ana on February 12. The estate is valued at \$3550. Two-fifths of the estate will go to Anna Gilroy of Santa Monica, one-fifth to Grace E. Norish of Holtville, one-fifth to Edith M. Krick and one-fifth to Alice M. Beckett of Anaheim. Tipton & Callor are attorneys for the petitioner.
